

Town Councillor Report – Cllr L Petherick

THE LAWN WORKING GROUP

When lock down started everything to do with open spaces including play parks ceased, so up until a couple of weeks ago nothing has moved forward.

I have spoken to Teignbridge recently and have been informed that the person who was going to support us with the design of the trail and Flag Ship can no longer support us with the project. We now need to look elsewhere for a consultant or play park specialist to take the project forward.

Dawlish Action for Youth has asked the children from the Youth Club for their thoughts on the trail this is the list they came up with:

- Sensory path with wooden wind chimes
- Drums
- Climbing wall
- Wooden hut-small child like
- Willow tunnels
- Hammocks
- Log seesaw
- Tree house
- Sky walk

The Group will now meet on the third Friday of the month. If anybody has any ideas for the Children's trail, please forward your ideas to the group.

Cllr Linda Petherick
