

CIVIC AMENITIES COMMITTEE

DATE: 25th March 2023
REPORT OF: Events, Projects and Tourism Officer
SUBJECT: Community Information Notice boards

PART I

Recommendation:

To receive and note the report.

1. BACKGROUND

Three community notice boards were purchased in 2019. Following delays due to covid, licences and planning permission and changes on locations two were installed earlier this year at Little Week Play Park and The Buntings. A third location was agreed at the March meeting of CAC that the remaining board should be placed on the verge near Westcliff School and the play park owned by the District Council where First and Second Avenues join together.

2. INSTALLATION

The officer has met with the Green Spaces Manager of Teignbridge District Council and a location has been agreed. A CAT scan has been undertaken of the site and is clear of cabling and utilities. A quote has been requested for installation of the board from the company which did the previous two and installation is hoped to take place later next month.

3. VOLUNTEERS

Two volunteers are now replacing posters at the boards at the Buntings and Little Week Play Park on a regular basis.
