21st Dawlish bowling club visit

24th Full Council

31st Meeting with provider for Vegas night

31st Climate Emergency Working group

31st Meeting regarding opening of Turn the Tide fringe events

INTERNATIONAL WOMENS DAY

It is so important to celebrate women and encourage children growing up to embrace independence and confidence. I wonder if the council might like to find funding to provide schools with inspirational women's story books for local schools? DCC Martin Wrigley is open to discussion funding wise.

Myself and the Events, Projects & Tourism Officer are also appealing for short videos from women and girls in our community in order to make a collaborative video to release online on the day.

FAMILIES IN NEED

More local families served section 21 notices and facing homelessness. Should we write to TDC and MP highlighting this and lobby for more money from government for housing schemes?
